

Dive Program 2008

The Dive program is open to non-members, dives can be booked anytime, but club members take priority till the Thursday before the weekend. The Marshal can show discretion if non-members are members guests and are traveling along way. All Dive sites are provisional on weather and experience of divers, the dive marshal will **attempt** to meet everyone's needs. If you want to go diving irrespective of the dive site phone the Marshal! The Boat will go out diving with a minimum of two divers and an approved boat handler, so why not organize a few evening dives.
